

Tom & Shari

from Livermore, California

Hello, we are Tom and Shari Marcotte from Livermore, California. We can only imagine how difficult it must be to try and decide on a couple that will provide the life you have imagined for your baby. As overwhelming as this must be for you, we want you to know how genuinely noble we think you are for considering such a selfless act, so that your child has the very best life. We thank you from the bottom of our hearts for reading our letter and for considering giving us the opportunity to be parents. We are excited to become parents together!

My Husband Tom (through Shari's eyes)

I love Tom dearly and am honored to call him my husband. I know Tom will always make our child feel loved and treasured as there is never a day that goes by he does not express his appreciation for me. Tom's passion for creativity and adventure will teach our child to cherish and explore all of what life has to offer. I'm thankful Tom's career in industrial electronics along with the success of our investments have not only provided our family a comfortable lifestyle, but will also allow me to stay at home each day with our child. Tom's kindheartedness and patience will make him an extraordinary father and I cannot wait to parent with him.

My Wife Shari (through Tom's eyes)

Shari is the kindest, most loving, and supportive wife I could ever ask for. I love the fact she is adventurous enough to try new things and supports me with her love, devotion and encouragement. Shari is a natural at motherhood! She is very nurturing and is so anxious to be a **Stay-At-Home Mom!** It brings me so much comfort to know our child will be at home each day receiving the love, devotion, encouragement, and care that he/she needs.

Our Three Loving Dogs

Simon, Klaus and Marsha cannot wait to have a child to love and play with everyday! Our dogs are very friendly and love playing with children. When they are not running around in our big backyard, playing frisbee or snuggled in with us, they can be found volunteering as pet therapy dogs helping patients at our local hospital. We suit them up with their gear and away we go! We love volunteering and helping our community.

We Love To Have Fun!

Living in Livermore, CA we are very centrally located to all of the wonderful things California has to offer! In just a short drive we can be at the beach, ocean, mountains or snow. One of our favorite things to do in the summer is camp in our RV and ride our dirt bikes on the beach. In the winter you can find us sledding, or snowboarding down a snowy hill or just having fun building a snowman. We are happy, full of love and are anxious to plan family vacations with our child.

We love riding at the beach we camp at every year

Home, Family and Friends

We both grew up in Livermore, CA and are proud of our safe, friendly community. We have many friends we have known since childhood and over the years have watched each other get married and start families. We all know each other's parents, brothers, and sisters and they know each of us. We get together with family and friends often for BBQ's in our spacious backyard. All of the kids come over and have fun with sidewalk chalk, bubbles, water balloons, games and of course playing with our dogs. We are extremely blessed to have wonderful, supportive friends and family and could not ask for better. They were delighted when we told them about our plan to adopt, and they are anxiously awaiting our new addition to the family!

Our Promise To You

We are committed to each other, you, your baby and making your adoption a positive lifelong experience. We want you to have peace of mind that in our home your child will always be loved and know how much he/she is loved by you. We will never forget how truly blessed we are for the gift of parenthood. We promise to love, comfort and support you any way we can. We promise to honor the type of ongoing contact that makes you feel most comfortable. We thank you for considering us as parents for your baby. We sincerely wish you find peace and comfort with your decision.
